### COLLABORATION FORUM

As stated by The World Health Organization (WHO), violence is defined as: 'all actions or deliberate omissions which, directed at a person, result in or are likely to result in physical, psychological, sexual or economic harm'. According to different studies and current researches, violence committed by children to their parents is growing in recent years.

*To what extent can we attribute the origin of this phenomenon to the socio-cultural context and education of the youngsters nowadays?*
